

Attachment D-1

Disclaimer: The trail and grade alignments shown on this map represent future possibilities including new development and future construction/completion and are largely dependent on the actions of the Texas Department of Transportation and the Dallas County Transit Authority. Detailed engineering plans and studies are required prior to construction of any of these facilities.

The NCTCOG proposed Veloweb alignments are shown on this map for informational purposes. Because of various constraints, these alignments are not feasible in several areas and therefore the Trail Master Plan does not recommend locating it there.
